

2020 FALL HEALTH CHECK

Fall is here and it's time for your tree's annual Health Check! Our Fall Health Checks ensure that your trees are ready to take on whatever winter throws at them, and equips them to wake up in the spring fresh, healthy and vibrant!

Is Your Tree Safe for Winter?

Cracked or damaged limbs in the canopy?

Branches growing too close to rooftops, wires or eavestroughs?

Cohen & Master will protect your tree from winter storms.

- ✓ Shorten branches extending towards your house and raise canopies over the roof
- ✓ Prune out cracked, damaged, diseased limbs
- ✓ Install support cables for limbs with weak unions

Is Your Tree Under Stress?

Thin canopy? Weak foliage? Leaves dropping early?

ArborGain & Biochar for Soil Repair

Soil Decompaction & Aeration Tubes

Salt Buffer for Soil Protection

Did your tree have a pest problem this summer?

Do you have damage from aphids, scale, caterpillars or other pests?

ArborGain to support healthy root growth and improve your tree's pest & disease-fighting capabilities.

Dormant oil to prevent future infestation
